EDUCATION

Stony Brook University, Honors College, B.S. Computer Science — Stony Brook, NY | Expected May 2029
Ward Melville High School, 4.0 GPA — East Setauket, NY | Class of 2026
Coursework: Data Structures | Mathematical Foundations of CS | Linear Algebra

TECHNICAL PROJECTS

Practice Ledger, *Java / Swing / Gson* — Personal Project
- Built a Java/Swing coding-session tracker with filtering, sorting, editing, and total-time and longest-session analytics.
- Implemented Gson JSON persistence with stable IDs, immutable sessions, validation, and automated save/load checks.

Food Pyramid Tree, *Java / Ternary Tree / JUnit 5* — CSE 214 Project
- Built a Java food-pyramid model on a custom ternary tree with cursor navigation and a menu-driven interface.
- Implemented diet-checked insertion with custom exceptions, recursive food-chain traversals, and JUnit 5 tests.

Block Tracer, *Java / Stack ADT* — CSE 214 Project
- Built a Java block tracer that parses C files with a stack of nested blocks to track declarations and initial values.
- Implemented variable shadowing, scoped lookup, custom print directives, file parsing, and JUnit 5 tests for edge cases.

Playfair Cipher Engine, *Java / Queues / JUnit 5* — CSE 214 Project
- Built a Java Playfair cipher that builds a 5×5 key table from a keyphrase and encrypts/decrypts with bigram queues.
- Implemented row, column, and rectangle swap rules with wraparound, input normalization, and a JUnit 5 test suite.

PROFESSIONAL EXPERIENCE

Rossman Tax Service Inc., *Staff Assistant* — Port Jefferson Station, NY | Jan–Apr 2025 & Jan–Apr 2026
- Handled 1,000+ confidential client tax files across two seasons, keeping records accurate in ATOM and Onvio.
- Answered client calls, requested missing documents, and coordinated tax return pickups and appointment scheduling.

Windloch LLC, *Production Assistant* — Deer Park, NY | Jun–Aug 2026
- Assembled window frames and receptors using measurements, hand/power tools, gaskets, silicone, and protective tape.

LEADERSHIP & EXTRACURRICULARS

CTeen, Village Chabad Stony Brook, *Member / Chapter Leader* — Stony Brook, NY | 2022–2026
- Helped lead a chapter of about 30 teens as chapter leader (2024–2026), organizing activities and speaking to groups.

Mu Alpha Theta, Ward Melville High School, *Member / Vice President* — East Setauket, NY | 2024–2026
- As vice president (2025–2026), helped coordinate events and led development of a student math tutoring initiative.
- Worked with fellow officers to organize tutoring support and connect students with available peer tutors and resources.

Ward Melville Computer Science Club, *Member* — East Setauket, NY | 2023–2026
- Participated in programming activities and represented Ward Melville at UPenn PClassic programming competition.
- Collaborated on timed programming problems using algorithmic reasoning, debugging, and team problem solving.

SKILLS & INTERESTS

Proficient: Java | **Familiar:** Python, C++
Tools & Concepts: Java Swing, Gson, JUnit 5, Git, Microsoft Excel, Object-Oriented Programming, Data Structures
Languages: English (fluent), Hebrew (fluent)
Interests: Automotive, Game Development, Video Games, Pickleball, Chess, Debate, Music, Travel
