EDUCATION

Stony Brook University, Honors College, B.S. Computer Science

Stony Brook, NY | Class of 2030

Ward Melville High School, 4.0 GPA

East Setauket, NY | Class of 2026

Coursework: Data Structures | Mathematical Foundations of CS | Linear Algebra | Human Knowledge

TECHNICAL PROJECTS

Practice Ledger, Java / Swing / Gson

Personal Project

- Built a Java/Swing coding-session tracker with filtering, sorting, editing, and total-time and longest-session analytics.
- Implemented Gson JSON persistence with stable IDs, immutable sessions, validation, and automated save/load checks.

Wordle Game, Java / Swing

AP Computer Science A Final Project

- Built a complete Wordle-style desktop game in Java/Swing with custom graphics, keyboard input, and game-state logic.
- Implemented two-pass duplicate-letter evaluation, tile/keyboard feedback, file loading, and win/loss tracking.

Block Tracer, Java / Stack ADT

CSE 214 Project

- Building a Java block tracer that parses C files with a stack of nested blocks to track declarations and initial values.
- Implementing variable shadowing, scoped lookup, custom print directives, file parsing, and JUnit 5 tests for edge cases.

Music Playlist, Java / Doubly Linked Lists

CSE 214 Project

- Building a Java playlist backed by a doubly linked list with song insertion/removal and bidirectional playlist traversal.
- Implementing previous/next, shuffle, WAV playback, current-song tracking, pointer updates, and edge-case handling.

PROFESSIONAL EXPERIENCE

Rossman Tax Service Inc., Staff Assistant

Port Jefferson Station, NY | Jan-Apr 2025 & Jan-Apr 2026

- Processed and maintained 1,000+ confidential client files with accuracy and organization in a high-volume tax office.
- Used ATOM and Onvio for client notes, portal activity, document uploads, and managing confidential financial records.
- Answered calls, requested missing documents, coordinated return pickups, and scheduled appointments for tax clients.

Windloch LLC, Production Assistant

Deer Park, NY | Jun-Aug 2026

- Assembled window frames and receptors using measurements, hand/power tools, gaskets, silicone, and protective tape.
- Followed production procedures and inspected finished assemblies for measurement accuracy, quality, and final defects.

LEADERSHIP & EXTRACURRICULARS

CTeen, Village Chabad Stony Brook, Member / Chapter Leader

Stony Brook, NY | 2022–2026

- Served as chapter leader (2024–2026), helping lead about 30 teens and collaborating on chapter events and activities.
- Spoke to groups and supported member outreach, event planning, participation, and engagement throughout the chapter.

Mu Alpha Theta, Ward Melville High School, Member / Vice President

East Setauket, NY | 2024–2026

- As vice president (2025–2026), helped coordinate events and led development of a student math tutoring initiative.
- Worked with fellow officers to organize tutoring support and connect students with available peer tutors and resources.

Ward Melville Computer Science Club, Member

East Setauket, NY | 2023–2026

- Participated in programming activities and represented Ward Melville at UPenn PClassic programming competition.
- Collaborated on timed programming problems using algorithmic reasoning, debugging, and team problem solving.

SKILLS & INTERESTS

Technical Skills: Java, Python, C++, Git, Object-Oriented Programming, Data Structures, Java Swing, Microsoft Excel

Languages: English (fluent), Hebrew (fluent)

Interests: Automotive, Game Development, Video Games, Pickleball, Chess, Debate, Music, Travel
